SERVICE

You've heard of the "master key" that fits every lock — did you ever hear of a Master Model of a Typewriter? Think of all of the combined advantages of several typewriters you have seen, concentrated in ONE standard machine! The Royal handles perfectly every known form of general correspondence and does card writing and condensed billing besides — without a single "special attachment" to add extra cost to the typewriter. Think of this — and you will have a fairly good idea of the Master-Model of the Royal.
